

Australian Mathematics Competition 2019

Dear Parents/Caregivers,

The Australian Mathematics Trust www.amt.edu.au will be conducting the 2019 Australian Mathematics Competition (AMC) on Thursday 1st August 2019. The AMC is a mathematics competition containing 25 multiple choice problems and five questions requiring a written answer. The competition has run every year since 1978 and is a significant international event.

All students from Yr 3-6 are invited to participate in this competition which will be held at school. Each participant will receive a certificate showing their level of achievement. In 2018, Caladenia Primary School had 200 students participate. This year we are hoping to build on this success.

Entry into the competition is \$6.00 per student and must be paid by **Wednesday, 10th April 2019.**

No late entries will be accepted.

Kind regards,

Andrea Harris
Mathematics Coordinator
Caladenia Primary School

I give my child _____

from Yr _____ Room _____

permission to participate in the 2019 Australian Mathematics Competition to be held on

Thursday, 1st August 2019.

Enclosed is entry payment of \$6.00
